Just got off a call with E-Trade...an hour long call. I submitted a transfer in kind to Mainstar Trust on 7/29 for my GME shares held in my Roth and Trad IRAs. E-Trade acknowledges they received requests on 8/2. Called today because nothing else has happened. E-Trade says they can't read the forms submitted...until I ask for copies...they can now read the forms and just needed me to call in and verify the requests, even though they didn't send any notification to me or Mainstar. If you are still with a broker and not DRSD, your complaints about being liquidated or screwed by your broker will fall in deaf ears.

I am a GME ride or die bitch! LFG
