I know there are some shitty brokers that won't let you drs or transfer your shares to another broker (212 comes to mind) if these shitty brokers don't give you the shares like they are supposed to and instead give you cash, use that cash to buy GME on IBKR and use them to DRS your shares. If papa RC does a 7 for 1 stock split congratulations because 6/7 of those shares are now out of those brokers and only 1/ 7 are stuck in there. I TRY to see an upside always.
