Be on the look out for Scammers and Grifters on Reddit SHORTING GameStop! These Grifters spread FUD and all kinds of trash, hoping for **\$GME**'s demise, to gift a buck. They are a small group, but they NEED GME to go down because they are desperate financially. Stay vigilant! ❤️

I sure am taking a lot of flack from the craziest of people since re-boosting GameStop \$GME. The flack is flying at me like gnats swirling my ankles. On Twitter, IRL, txts, Reddit accounts that haven't posted in years, fake supporters. Whole lotta FUD! Guess they're scared 🍼
