Ryan Cohen is clearly asking us to DRS with his last tweet, DTCC is scrambling to find shares and with the new DRS wave pushing it looks to be culminating into a perfect storm. Let's give this the best push we ever have. Wednesday is July 41st! (7/41), and are looking forward to so many new NFT collaborations. I don't want to wait another T+69 day cycle to try again. Lets secure this win and all take an early vacation. It's no longer time to stay zen, it's time to get MAD, act on it, BUY more GME shares and DRS ALL that you can. I love all yall and can't wait to see you on Uranus!
