I don't know if any of you tards noticed last week. But Fudality tried to turn off the transfer button. And a revolt happened. Can you imagine the FOMOd mofos who jacked up the number of requests for a transfer to the Comp poo chair? I WAS ONE OF THEM. Whatever our transfer numbers were before last week I am guessing we are double, maybe triple the rate. People want to make sure they are first in line for the dividend in the form of shares. Tomorrow I'll be an ASS. Don't have a functioning brain cell. Not financial advice you imbeciles. Grab your helmets and buckle the ef up you autists. We are heading to some Wall Street D Bag's Anoos with that GME red (green?) rocket.
