I've been paying credit card debt for 13 years. Never able to get out of debt cause there's never enough money.

I spend about 1600\$ a month on minimum payments so I'm not even making a dent.

My CC score is low already. I'm no longer going to pay these bills. The 1600\$ going straight to GME. Once this MOASS kicks I'll pay the collections.

So tired of this bullshit. Tired of the people who are "our leaders" but all they do is be complicit to corruption.

So fuck you chase. Fuck you BOA. Fuck you Citi Bank, fuck you discover, fuck you american Express, fuck you all.

I won't pay anymore.
