

Title: A 4-1 stock dividend is "paid" in order of: insiders, DRS'd shares, DTCC. The DTCC is responsible for distributing what is left. Shares held in crappy brokerage accounts are still entitled to there split stocks.

The safest place to buy shares right now is from Gamestops transfer agent, Computershare. Be first in line to receive your new shares as dividend payment by having your shares DRS'd!

Tinfoil: The last day to qualify for the stock split is the 18th. Gamestop have mentioned on twitter that the release of a certain games on the NFT marketplace will be around the mid july. The weekend of the 16th and 17th July would be ideal for releasing the marketplace. Spin-off shares, tokenized securities, or fractionalised NFT's are all still cards on the table in my opinion.
