Hi all

Always something we gotta do to stay ahead of these phuckers - not like they TELL you any of this stuff willingly!

I called FuDELITY and it is true that they issue CASH EQUIVALENT for dividends UNLESS you specify not to (um... would be great if you ASKED what we want when we buy, but whatever...). To change this you can call them, say "equities" at the prompt, and a very nice representative will walk you through how to do this:

\-Go to your portfolio page

\-Click the account where you hold your gme

\-Click "More" on the far right of the horizontal bar above your balance, then "account features" will pop up an a bar below - click that, then click "Dividends and capital gains"

\-Click on Brokerage/trading

\-A table pops up with all your holdings

\-Click the "update" button next to your beloved stonk

\-Choose "reinvest in security" and confirm

\-BE SURE TO CHECK BOTH BOXES FOR "ALL EQUITY" and "FUTURE PURCHASES"

You're done.

IT WILL TAKE 5 DAYS - SO DO NOT PROCRASTINATE TOO LONG

EDIT to include - "then "account features" will pop up an a bar below - click that"
