Hello everybody !

I have been a lurker for almost a year now and have been buying GME regularly since February.

Until now I was scared to start the process to DRS my shares but I just wrote the email to my bank.  
I couldn't find ressource for French (in French would hav been even better).

I hope everything will be smooth and that my bank will accept the transfer without issue as I initially made the mistake of buying on e-toro.

So if anybody have any help/documentation on this process coming from a French (union) bank, let me know.
