Hey brothers and sisters. I'm just a basic ass bitch from Canada who has put my life an soul into this for the last year. Everybody thinks we are crazy but I'm ready for financial freedom. We got a big week coming up, I'm zen as fuck but I'm feeling optimistic. I'm ready to throw everything I got at it come Monday. I was in this to make money but you know what I don't even care anymore, I'm so attached to my shares I don't think I'll be able to sell. I'm just happy to be apart of something different.

I just want to know we are right. God bless you beauties, who have done the work. Who have held, who have been confident and know the world is fucked up and are taking a stand. I salute you. God bless memes, God bless the hard working man.

Can't stop, won't stop, GameStop.

See you on Uranus fuckers cause we all know man never made it to the moon.
