

Title: We get it. You voted. We all voted. Everyone voted the same. We don't need to clog the sub up with people telling us you voted.

Seriously, the amount of decent stuff that gets buried because people want to farm for their 'vote'. Fucking hell, it's like the US election.

Even if you don't fucking vote, the GME shares you own will automatically go down as 'for' votes anyway, so it really doesn't matter

Lets not clog the sub up with something we already know.
