Earn interest on your stocks

Hi Anthony,

Turn on Stock Lending for the opportunity to earn interest on your stocks. If we match your stocks with a borrower, you start earning. You'll still be able to sell your stocks even if they are loaned out.

FAQs:

1. **How do I get paid for loaned stocks?** You'll automatically be paid every month, and you can track how much you've earned in the app.
2. **Are my loaned out stocks safe?** Your loaned stocks are protected with 100% cash collateral that's held at a third-party bank.
3. **Who is borrowing stocks?** Market participants borrow stocks to facilitate trade settlements and support trading strategies.
4. **Do I need to choose stocks to loan?** No, just turn it on and any whole shares of fully paid securities in your stock portfolio become eligible. Market demand can vary, so this makes it more likely that your stocks will be lent.
