Hi guys I don't usually post but I would like to share my idea and interpretation of the Ryan Cohen tweet from about 20 minutes ago here. Pretty simple and straightforward one I'd like to get off my mind while it's fresh.

He's asking us a question. With the things users pieced together about BCG, maybe he's saying we're right and to keep going? And/or to ensure they are investigated and face justice alike with the financial terrorists?

Also reprehensible is quite a choice of word. Very aggressive. This message seems to me to say "Who's worse: those who sabotage companies from the inside or those who just profit off of knowing it is happening?" But filtered through a lawyer or two. Or maybe not.
