Jim Cramer ✓

@jimcramer

I often find CEOs are obtuse to the stock market. So i will explain it real easy: Bed Bath needs money. It can raise money at a price higher than where it sold a lot of stock, Now is the time. Sell or die.

Pay me harder, daddy~

Damn. Someone with a big online and MSM persona and reach outright telling his followers to sell a stock.

You could almost count it as organizing for manipulation.

Buckle Up

I'm pretty sure he was talking about Bbby selling shares to raise money or risk dying as a company

Old Enough to Party

That's what he'll say to defend himself. "I didn't mean for people to interpret it like that"
