I wasn't going to do this. and then I realized NO ONE was going to do this. So fuck it. head down. full tilt. until the end #CANTSTOPWONTSTOP because #WERENOTDONEYET. My names Ray. I've been on reddit for a long time. this is MY account. I'm an idiot.

I saw a pattern that not many did. I kept persuing that pattern and it led me to know a wealth of information about our financial system, corporate structure, corporation histories, patterns of investments and timelines of bankruptcies and acquisitions/mergers that led us to where we are now , in the markets current state.

I'm donig this because for once. I need help. Researchers needed. If noone joins me thats okay. I do this all for us.

Bcg is central in its placements of the companies all mentioned in my tweet writeups. I didn't know to look at bain's beginnings and romney and to understand the beginning of Bain wasn't the beginning. boston consulting group was.

From what i've found so far, romney was in college, and there was this dude, who was sent to "woo" romney into joining BCG after college. Romney had his pick of ANY top firm int he country and was advised that BCG was outside of the normal consultation groups. He chose them. he was challenged by henderson to create a branch for the bank. it happened to be a depository and trust branch.

Current info i have been compiling is on a gitmind :

[\[https://gitmind.com/app/doc/16c9705086\]](https://gitmind.com/app/doc/16c9705086)[\]\(https://gitmind.com/app/doc/16c9705086\)](https://gitmind.com/app/doc/16c9705086)

Which should be fairly simple. rite? no. They have MANY PEOPLE ON THE BOARD.

This is research into the biggest plague on our system since war. ■

BCG is directly tied to bain and company through mitt romney.

mitt romney directly connects that which bankrupted babbages and merged it through electronics boutiques holdings of software etc. then they were neostar retail group. which also bankrupted 1994. mitt romney and bain there too.

[KEY #69]<https://preview.redd.it/5khj89r65dq81.png?width=1577&format;=png&auto;=webp&s;=49617f5b6e110624c6cfc6b69a0dd28c4e0d7171f>

that fucker was sent by henderson. BCG wiki has info on certain things.

<https://preview.redd.it/6kduxn8z5dq81.png?width=1663&format;=png&auto;=webp&s;=31dc4d1c37e4306c236fa4b3f963a57bd21e8644>

these should be plotted clearly on a timeline. like a tree branch going from leaf to base. include direct events. "branches"

This was a precursor that led to duetsche banks acquisitions. ■

[DONT FORGET DREXEL. THIS IS FUCKING KEY#420](https://preview.redd.it/2x40me685dq81.png?width=1528&format=png&auto=webp&s=6df48bc3d58815aee543dc8e6a036017c7ad59be)

I need assistance in connecting the information in my tweets, that ALL had BCG as a consultant, to the acquisitions made by the following companies, NOT JUST AMAZON.. Magically i seemed to follow the patterns to truth. so here i am.

amazons history?key #1.bankers trust was bezos first job. 86-88. read about bankers trust here please
{https://wikimili.com/en/Bankers_Trust IMPORTANT READ THIS\}

he then leaves bankers trust to work de shaw, i believe 88-95.he founded cadabra in 1993, which was bought by GOTO.com which eventually became GOOGLE.

1995 bezos founded amazon with mckenzie, his wife, and it ipo'd in 97ish i believe. the underwriters were as follows

duetsche morgan grenfell

alex brown n sons

hembrecht n quist.

if you crack open that bankers trust link, yo will learn duetsche absorbed other underwriters and merged bankers trust with alex brown n sons to absorb ALL ipo shares. #moneymakers huh?

well as thats going on , their only outward connector i had found, was the magic name john carpinellow. he was a financial analyst at the time of that arrangement, at duetsche bank. his interest are stock options and playing cards. kek.guess what he does now?
