[In this tweet from July 14](https://twitter.com/TheRoaringKitty/status/1404468676493971458?s=20), DFV blatantly calls out the "zombie stock" phenomena that we are seeing this week

Now I could definitely use some wrinkle-brained apes to look more into the nuances of the edit but the ****in-your-face**** message couldn't be more clear;

It's revealed at the end of the clip that Will Ferrell's character represents ~~our beloved~~ Blockbuster:

[\"That's a Blockbuster card\"](https://preview.redd.it/iuzbmira4dl71.png?width=2048&format;=png&auto;=webp&s;=a90b5b7bba69392494862105ee3a61a5101b56ae)

Watching the clip with this perspective has some pretty interesting implications given the revival of these stocks in the last few days

>Will Ferrell (Blockbuster): *I'm a regular here,* ***this line needs to move!***

>

>Clerk: *Sir, you're at the back of the line...*

>

>Will: *I recognize that!* ***You can't kick me out!***

I'm sure we'll uncover more of these hidden messages over the weekend. It was there all along! ■■

edit: I am so jacked. The entire video builds to the reveal that the "we want GameStop!" character is actually a Blockbuster holder. He tried to tell us where to look and many of us completely missed the point!
