MSM (Main stream media) saying citadel has been bailed out by the tune of \$1.2bn or so.

So let's hit them with the UNO reverse. (Shout out DFV)

It's really an INVESTMENT!

That's around about a 5% stake in the MARKET MAKER branch of citadel.

So why....?

Well, Sequoia is taking the headlines and Paradigm is riding on the coattails.

[Paradigm](<https://www.paradigm.xyz>) is a web3 investment company. If the Market Maker side of citadel was trying incorporate blockchain, paradigm seem like the perfect partner. (Hello; GameStop + Loop Ring)

Not a bailout.

Don't trust the narrative.
