I've felt like nobody has quite understood this tweet and a while back decided to do some digging. I started by looking up pillow fight scenes and watching each one.

[What do we have here?](<https://youtu.be/tCPc2XQfzBk>)

Let's run through the list:

1. Pillow fight (tits jacking at 0:46)
2. Sweet ass song released in 1964
3. A charming westerner who put all his money in a long term investment and won't touch it because he thinks it's a winner.
4. Mr. WANG - who is his business partner from Shanghai, whose family is in charge of guarding the currency and royal seal

Let's watch the [trailer for Shanghai Knights](<https://youtu.be/1QUHogxpXp8>)

"When the crime of the century brings to nations to the brink of war, the world must turn to two living legends.

America's favorite heroes are together again.

The best in the west.. are going to show the old world.. some new tricks"

Hmm.. where is LR headquarters in the real world?

You bet your girlfriend's boyfriend's sweet ass. That it's Shanghai

Could it be that RC and Daniel Wang joke that they are like Chow Wang and Roy O'Bannon? In this scene, the two make up and are back to being partners.

Maybe they were celebrating a finalized deal between GameStop and LR on August 27th, 2021. Maybe he was giving a nod to their friendship and the deal through a movie they have joked about?

Who knows?

(Sorry this post is boring looking. There would be some pictures for you crayon eaters, but I can't figure out how to add them on mobile)
