I've been a diamond handed ape since before vlad was a young boy in Bulgaria. Mainly lurking trying to get as many wrinkles as I can reading up on all of our favorite pages. But what's next?

What happens after papa cohen sends gme to another universe? Do we all just disappear into our utopias?

Personally I've been thinking of possible tattoos. Then I started thinking I can't be the only one planning a tattoo or other type of "I'm an ape and I held" keepsake.

Whatever it is you decide to do - good luck and I hope I recognize a fellow Silverback out in the wild once this is all over
