Here is the newsletter content :

" Dear Investor,

We are contacting you as you currently hold a position in GameStop Corp (US36467W1099). GameStop has announced it will split its stock at a 4:1 ratio. This means that each shareholder will receive 3 additional shares for each share held. The same ratio will reduce the share price. The value of your investment will therefore remain the same. GameStop is expected to start trading at its split-adjusted price on Friday, 22 July 2022.

How does DEGIRO handle stock splits?

If you hold GameStop shares at the end of business on 21 July 2022, you will automatically receive the additional shares following the split on 22 July 2022. There is no action required from you as a client. Please note that if you sell your shares on or before 21 July 2022, you will sell your shares at the pre-split price and will not be entitled to any additional shares. On the other hand, if you buy shares before or on 21 July 2022 and keep them until after the close, you will receive the additional shares on the next trading day.

As this is a high-profile stock, we are letting you know about the split beforehand. However, we do not always inform clients about upcoming mandatory corporate events.

You can find more information in GameStop's press release [here](#). If any questions remain, please don't hesitate to contact our Service Desk.

Kind regards,

DEGIRO "
