SGME valuation matter at the end.. now especially that fed will remove liquidity. This garbage is going back to 10\$. I'm 1000% sure if that. Access liquidity pumped this one and now it will be gone. Wsb will move on. 🙌

SGME Ryan cohen is bigger scammer than Jim Cramer. Cohen is focused on creating a short squeeze than actually creating shareholders value. This will not end good in long term. This garbage is not worth more than 10\$.
