Totally worth the 30 dollars. They said 1-3 days for email, 6 weeks for snail mail to Finland. 28 minutes on the phone but now it's done. Haven't talked english in 20 years with someone. If I can do it with my crappy articulation, anyone can. Call and speed up the process!

They will ask your name, account number, full address, email address and credit card details. Some info is asked to spell if they don't know how to write it. So if you suck at english like me it helps to have all information written before you for easier spelling when you make the call.

Soon we will see if my gme transfer from my bank goes through to cs...
