"King of Bain: When Mitt Romney Came to Town"

sorry, not necessarily GME related. Seeing the rising thread in SS about Mitt, thought i'd post this documentary release a few years back. Not sure if anybody has posted this before. But these are the people we are up against. Nothing political just exposing corruption.

edit:

<https://archive.org/details/WhenMittRomneyCameToTown-2011>

looks like other link video is corrupt. second works fine
