I've been in SS for a long time now, and I'm guessing other apes too. What triggered me yesterday was when people was falling for FUD regarding using market orders and I couldn't post about it in SS. You guys are smarter than this. Don't fall to deception. MARKET ORDER IS BAD. Gme forever.

PS: if you can post on SS and you know it's FUD, please fight for us lurkers too. There's a lot of us out there, we just don't have the necessary requirements to post or we're too zen to care, but for the first time, the FUD yesterday made me want to correct it.
