Gamestop just printed a ton of shares and the share price went up (what the company did you for), now go DRS your shares (what you can do for your company)!

Yeah he's shit talking the Fed too, but there's deeper meaning to it (we just had a stock dividend = printing trillions). The purple heart is because the company loves it when we DRS them purple circles. And when GME moons, it's gonna #taxtherich #wealthtax

If you still haven't DRSed because you are waiting for some sign...
