I just think that if everyone that left x-xx shares with brokers would DRS 100%, we would be another 1 million shares or more closer to locking the float.

"But Miller, I'm keeping 1 with this broker and 1 with that broker because I want to see what crap they pull and have lawsuit ammo."

I will find out what crap they pull by watching what they do with Joe Shmoe's shares, **not mine!** And tendies are far greater and faster than lawsuits, and hassle-free!
