The timing is perfect - one year after the first fake MOASS, so do not fall for a fake HIGH of 950, 1,500 or so on.

WTF is the reason for MM (Market Makers and Money-pula-haters) to open for 21 Jan 2022 (1 year cake celebration ah?) 5,404 call options (equivalent of 0.540 million shares) at \$800 and **46,168 call options (equivalent of 4.616 million shares) at \$950 ???**

Don't fall for this cheap trick. I would have sold for 1k a year ago but now I just got sentimentally attached to my GME shares, thanks to a community called APES (All People Equal Society) that exposed the corrupt financial system that it's robbing us and our parents for decades.

\$950 will definitely not change the system - \$950 millions it would.

MM / SHF - Please remember: my shares ain't for sale regardless of your 950 offer or whatever
