#The rate of new CS accounts over time is dropping.

34,000 in October

15,000 in November

17,000 in December

10,000 in January

~8000 pace in February (6500 month-to-date)

****SO... ****

#3 KEYS TO LOCKING FLOAT:

1. The ****word about DRS**** and GME fundamentals needs to be spread to the masses ****outside of Reddit****. If every ape would just try to reach 1 other person outside of Reddit ****every day****, the float would be locked in no time! Twitter, FB, Stocktwits, etc.

2. Apes with money tied up in ****other investments could convert those to GME and DRS****. This includes taking the tax hit on IRA if you can. Please consider trading in your "other investment" now. It's the perfect time while GME is low and before the markets tank. Even IF others launch, only GME has a turnaround plan that can launch the rocket.

3. Apes with shares in brokers that will not DRS, such as ****Etoro and T212 : think about selling and re-buying elsewhere!!**** They don't have shares anyway, so selling hurts nothing. Please don't trust your millions to a broker that won't DRS. Just read their ToS.

****Changing the world is what's at stake!!****

BE the change!!

****One of my Twitter scripts:**** <https://twitter.com/millertime1216a/status/1495553243014905856?s=21>

****IRA DRS new link :****
