As you can see, Melonie is a host on...one of THE FACES OF Gamestop TV. Here she is talking about government tyranny and overreach. This tells me she is a liberty lover. This is yet more confirmation what I and others have been saying for a long time...GME is a white hat play to bring down the corrupt Deep State swamp on Wall Street...and we now know this will even work itself all the way up to the Central Banks.

When I learned our favorite insider had a major hand in this and cryptic tweets from DFV, RC and even Gamestop itself tied into posts from 17, I knew GME was being run by liberty loving populists who are more than happy to give the finger and a big financial F U to the globalists and their corrupt fiat banking cartel.

Want to know what else I think Melonie and RC and DFV believe? I bet none of them wear masks, none are vaccinated, all believe in the efficacy of zinc ionophores like HCQ and Ivermectin for treating COVID. Why? Because SCIENCE. And want to know what else? I think they all love 45 and look forward to his imminent return.

Okay, enough populist hype. F\*ck the globalists. F\*ck the swamp. F\*ck the msm. F\*ck Hollywood. F\* k DS nut hugging corrupt social media outlets and F\*ck brainwashed idiots who still don't see the writing on the wall but are only holding GME to become rich but support these globalist ■ in every other facet of their meaningless lives living in their parent's basement.

As for me, I like the stock and I hate corruption so I'll buy and hodl and enjoy the ride as corruption is exposed and the swampy, demonic central banking cartel and all of their swampy underlings are removed from power... and eventually from the streets.

Edit: And the downvotes from trolls who follow me have already started. But nothing can stop what is coming. NOTHING.
