This BBBY situation is absolutely a pump n dump! You mean to tell me the same week we have massive amounts of people looking at GME because the Gaming Wall Street series and The Problem with Jon Stewart episode, all of a sudden Ryan buys BBBY!? NO... this is to get the buying pressure off GME. All of the new people coming in are gonna see buy BBBY and I can't believe some people are actually buying into this distraction. All the shills are saying " but why would they put out a fake article, they will get in so much trouble?" like they haven't done it before. Do you really think they give a fuck, they literally make a living doing illegal shit and they are very desperate now. BUY and HOLD!
