So GME runs up today on the supposed WSJ article about Gamestop getting into NFT's, crypto space?

But the article was fake, there was no REAL news.

This is done (imo) to numb the public to when it REALLY happens and the REAL articles come out. We prolly just lost some of our FOMO because people will see the Real article when it comes out and think "I already saw that. Old news."

Fuk U Hedgies. Well played. But we are still going to the moon on your dime.
