I'm a new (but old) Ape and saw this post earlier this week where U/m4ttyn1ce pointed out a purple circle in DFVs tweet on June 1, 2021, indicating this could have been a clue for us to get those purple circles!!

Because I'm new, but also very curious and had a career that made me source everything, I looked at all DFVs tweets that day.

Here's the quick nutshell, but please go back and look at his tweets on June 1, 2021

1 Kitty overlooking, always watching over us

2 Sledgehammer breaking through the floor.

3 "You don't understand. I'm not locked in here with you, you're locked in here with me."

4 Everybody!! (Dancing on a purple circle floor.) GameStop is Back!

To me, it's saying that to break this floor wide open we must all get locked in together and DRS, so we can all dance and enjoy those purple circles!!

Obviously this is speculation but when it's out together it sure makes a lot of sense to me.

U/millertime1216 puts a TON of effort into getting up to DRS, and his speculation on RCs last tweets is spot on in my mind. DRS!!

I love this cryptic stuff!!

All the best!!
