Right when I saw this posted, I only thought of 1 thing. Final Fantasy.

LMAO listen.

[Let's take a ride. I'm laughing out loud as I am writing this.](<https://preview.redd.it/51nnmviza8e91.jpg?width=1024&format;=jpg&auto;=webp&s;=8522d2ce66856f846ef08d476dd200ec839732bf>)

This is Tonberry.

[this cute little guy.](<https://preview.redd.it/b4qt34jgb8e91.jpg?width=225&format;=jpg&auto;=webp&s;=4713045ade79163f1938226aa6fedef80ef75b11>)

Tonberry, from the popular Final Fantasy series is a very cute, little and seemingly unassuming guy.

Except he is also called... ****Dinglberry**** in the original japanese translations.

[Behold.](<https://preview.redd.it/udgg5lvkb8e91.png?width=480&format;=png&auto;=webp&s;=662e166d778a39719103ec8a95368e46c5fd11ab>)

Ol' Dingleberry, he just kind of minds his own business.

Kind of like RC.

If you know anything about Final Fantasy, if you run into one of these guys, ****you fear for your life.****

This is because Dinglberry can take A LOT of damage. It just walks around as your party continues to hit it and hit it until eventually, ****it 1 hit kills you.****

Ol' Dinglberry, he kind of carries a little lantern around with a knife and that knife does insane amounts of damage.

[it is just like this.](<https://preview.redd.it/9w9ibzz2c8e91.jpg?width=600&format;=jpg&auto;=webp&s;=e5fa098f2e22615d15810139f1b62938704085eb>)

But get this: the damage of his knife attack depends on how many of his kind your party has taken down.

And ALSO get this: the move is called: ****Everybody's Grudge****. HMMMMMMMMMM

[I couldn't find the meme with GME, Toys R Us, Blockbuster, etc. LOL I'm a smooth one](<https://preview.redd.it/ls1wuqjld8e91.jpg?width=1200&format=pjpg&auto=webp&s=2af86f6a05f1c9c4cbab3a7fa7e6506a21287f40>)

Anyway, ****Everybody's Grudge****.

This strong AF move harnesses the collective pain of his felled allies and focuses it into his knife and it is insta-kill in one hit. This is because generations of Dingleberrys (I'm talkin' hardworking moms, dads, and little dingleberry babies) all of their unheard cries and pain and trauma is allowed a single point of release. Through Dingleberrys thrusts of small wee wee steel. Understandably, it is a 1 hit kill.

RC is the dingleliest of the dingles

****A survivor.****

One who has come with a light in his hand (and also in HIS HEART), one who has caught the falling knife of a stock/company thought dead, weaponized what was considered useless (GME), and become Justice manifest- for all.

[Yes you will RC. Yes, you will.](<https://preview.redd.it/jv3e9506e8e91.jpg?width=600&format=pjpg&auto=webp&s=8be97ece424677172227c420e7c33535802c6ffc>)

Oh and just for fucks and giggles,

Final Fantasy was also a series that almost did not make it. It was close to never being released. This is because Square at the time only had enough money (just barely enough due to the looming threat of bankruptcy) to put forth ONE videogame. One move. Hence, why it is called, Final Fantasy. Because it captured the collective hope of everyone who worked on the project.

Hironobu Sakaguchi, the creator of Final Fantasy claimed that if the video game had failed, he would go back to school and give up on videogames altogether. Obviously, the game was a massive hit and the world of gaming has been so much better for it.

Final. Fantasy.

Game... Stop\[ped\].

HMMMMMM

Buckle up, bitches.

Bonus stuff from a cool article: <https://www.looper.com/225264/this-mistake-changed-final-fantasy-5-forever/>

“ It doesn't look like much, but the Tonberry is one of the most dreaded enemies in the Final Fantasy franchise. Perhaps in an effort to make it somewhat less scary, the PlayStation version of Final Fantasy 5 changed its name a bit. This deadly monster was now known as ... Dinglberry. Going from Tonberry to Dinglberry isn't just a question of swapped and dropped letters, this name had to have been a deliberate choice.

Now, "dingleberry" doesn't just mean the distasteful thing you're probably thinking of now. Merriam-Webster's primary definition of the word is, "a foolish, stupid, or contemptible person," which is probably what the translators were going for. A name implying that the creature is foolish or stupid would play into its gimmick of seeming harmless and weak right up until it one-shots you. ”

Edit: Spelling
