I get the big picture with GME. I'm holding, I've DSR, I voted, I buy when I can and then DSR. I don't post but I've been drinking the sauce a bit tonight and I'm fucking pissed. I actually feel great about the stonk, but not sure everyone else gets it. I as a single investor and I'm up against the 1% of the fuckers that steal from hard working fokes.. The ones that make the rules.. zero accountability. I'm in it to win it. For you, my family, and America.. fuck, the entire world!!! Let's fucking go!

Thanks
