But retail investors do not seem to agree.

“GME HAS BEEN LOADING BULLETS AND IS READY TO HUNT,” crowed user RealBeltracchi on GameStop subreddit Superstonk.

Elsewhere, Reddit user Contrive went a step further, postulating “What if Cohen became a majority shareholder of Sears and blockbuster and brings them back from the dead merging with Gamestop?”

Cohen’s role in retail investor optimism is hard to overstate, but even that star status is starting to wear thin as retail investors are openly pushing for Cohen to reveal his “grand plan” for the company.
