Why do you still think DRS is not the way?

Wrong.

It only works if we all stand together and DRS our shares so the share count is in plain sight.

They waived their margin calls when January had run up. They will do it again and the only way to stop this corruption is DRS.

What is your reason that you are not DRSing and maybe we can convince you.

This is not about getting rich but ending a corruption. This is for Gamestop and for other shorted companies.
