Disrupting the Video Game Industry

But few doubt its ability to disrupt an industry. Musk is now showing his ambitions in the video game industry.

Musk now wants to expand the number of games compatible with Tesla cars. And to do this, he is aiming big. The billionaire wants to include more than 50,000 video games available on the popular platform [Steam](#) in the Tesla infotainment system.

Biden to spin inflation, boost Build Back Better bill in State of the Union address

By **Steven Nelson**

February 28, 2022 | 5:22pm | Updated

WASHINGTON — White House press secretary Jen Psaki said Monday that President Biden will “absolutely” mention “inflation” during his first State of the Union speech — despite a senior aide
