Hi all, lurker here:

I'm trying to set up Limit Orders (GTC 30 Day) on Computershare. When I set up for shares to sell at 100,000 or less, they show up in my Pending Transactions, however, anything over this amount per share, it does not show up. I get the confirmation texts from Computershare to go ahead with these Limit Orders (anything >100,000), but can't see them afterwards.

So the big question is: Are these Limit Orders there, as in my Limit Order for 1 share for 1,000,000 will go through when GME hits those digits, or not?

I did send messages / emails to Computershare but haven't received any responses yet, so seeing if anyone else has knowledge on this. Thanks!
