**Risks Related to Our Common Stock**

*The market price of our Class A Common Stock has been extremely volatile and may continue to be volatile due to numerous circumstances beyond our control.*

The market price of our common stock has fluctuated, and may continue to fluctuate, widely, due to many factors, some of which may be beyond our control. These factors include, without limitation:

- "short squeezes";
- comments by securities analysts or other third parties, including blogs, articles, message boards and social and other media;
- large stockholders exiting their position in our Class A Common Stock or an increase or decrease in the short interest in our Class A Common Stock;
