This shit is unreal. Ive been a gamestop consumer for over 2 decades. My very first known purchase at gamestop (electronic boutique at the time) was a Twisted Metal gamer guide. I got it for 2 cents. No Bullshit! I asked the employee whether it was right or not and his reply basically was (and im paraphrasing) I have to sell it to you for whatever it rings up for. POWER TO THE PLAYERS! AND HAPPY BIRTHDAY TO ME AND THE NFT MOTHER FUCKING MARKETPLACE!
