I'm a Canadape and I've just received my second letter from ComputerShare. Which means that I can finally buy GME directly through ComputerShare. Yay!

However, I have a concern. Should I buy after the split? I mean, if I setup the purchase right now but the order doesn't go through before the end of Monday, will I have spent my money on shares that won't be split?

I other words, at this point, should I wait for the split to buy more?

Thank you all. And as always, buy, hold, DRS, etc
