After noticing FreeTrade has a new mandatory securities lend policy I want to get all my shares out of there... I'm looking to cash out and buy back the shares on IBKR then proceed to start DRS. My question here is say DRS takes 1 month, and a further 2 weeks or so to settle all my shares, will all these shares still count towards the stock split ? Or is there some deadline for bought shares to be included ?

My main worry is this stock split will occur right in the middle of my DRS process...
