I'm 19 turning 20 I have 74 gme shares currently in the process of being registered and 10 more sitting with a broker who doesn't allow drs

My house we have lived in since I was 10 is being put up for sale and my parents are having to move away for their work.

I will hold forever but the thought of life changing money is something I hope to see soon

I think I just needed some reassurance.

Love you all
