Started my first (GME) Gamestop DRS transfer today with TD Ameritrade to Computershare. I got a real person right away. It took me less than five minutes to complete my request.

Justin (TD Rep), on the phone, stated that they added a lot of people to actually do the transfers. He said that the 2-4 weeks that was being given as a transfer time has now dropped to 3-5 business days. I will see what happens after the first of the year to make sure my GME shares moved. Merry Christmas and Happy New Year All !!
