Morning apes! I am posting this here because I'm banned from other GME subs. Reddit doesn't want you to have this information.

So I think I've figured out the meaning of 741. And to explain it, I need to explain what Gematria is. According to wikipedia, "Gematria is the practice of assigning a numerical value to a name, word or phrase according to an alphanumerical cipher."

There are a few ways to do this, but in its simplest form, A=1, B=2, C=3.. There are a couple of websites that allows you to input numbers and it gives you the corresponding words, or you input words and it gives you the corresponding numbers.

A few interesting ones to note..

- REDDIT = 33
- GAMESTOP = 33
- RC = 33
- MELVIN = 33
- B.U.R.R.Y = 33
- VLAD TENEV = 33
- JEROME = 33

Surely just coincidences, right?

Let's have a look at RC's most iconic tweet..

- "EEW EEW LLAMS A EVAH I = 1740"

1740!! Could it be..? Maybe.. but what does the number 1740 reveal?

- "THE EFFECTS OF DECIPHERING GEMATRIA = 1740"
- "HE WHO SOLVES THE PUZZLE = 1740"
- "THE TRUTH CAN BE SHOWN = 1740"
- "THEIR PLANS ALWAYS FALL APART = 1740"
- "WE ALMOST REACHED THE FINISH LINE = 1740"

And the peak of the 2021 sneeze..

- "JANUARY TWENTY SEVENTH = 1740"

New hype date..

- "SEPTEMBER TWENTY SIXTH = 1740"
- "WAKE ME UP WHEN SEPTEMBER ENDS = 1740"

And my favourite..
- "DRS = 174"

Cohencidence?
