Soooo I've been in the process of transferring all of my XX shares of GME from different brokers to Fidelity. I called today to make sure the last batch of shares came through (they'll be in my account by the 17th, bummer :/). Since I was already on the phone with the customer service representative, I decided to ask about DRSing my shares to CS.

I swear to baby Jesus that I could hear the panic and nervousness as he told me that I don't need to do that and that since the shares are in my account, they'll be technically direct registered to my name. It took all of my willpower not to laugh at loud.

Apes, we are getting CLOSE. I needed this validation today.

As always, remember to
BUY. HOLD. DRS. ■ ■
