

Title: Anyone know how to remove a 401k from the DTCC's grasps? I still work at the company through.

I'm all in and DRS'd with my Gamestop shares but feel very uneasy about the security of my 401k. I stopped contributing last year and moved 3/4ths of it to a "stable" fund but still fear the worst ("and its gone"-south park) since its within the corrupt DTCC organization.

Can I withdraw or transfer funds while still employed or would I have to quit(very unlikely) to be able to gain control of these funds.

I'm looking to move it all into GME, which is why I ask.
