🚀🚀 Buckle up 🚀🚀

You want to know how exciting DRS is?

👆 **Thats** how exciting DRS is. 👆

It's all about taking back control of your money and your property.

It's the **only** way to receive NFT dividends when and if offered.

And, when and if GameStop decides to switch depositories, they will likely re-issue shares on a blockchain platform.

DRS is the only way to exit the Legacy Marketplace and the only way to own a piece of the New Market.
