Yesterday i was annoyed with all the r/place posts. Hthing is. I did not really analyze it. I Thought it was a form of fotum sliding.

This morning i saw all the pretty pictures and... Low and behold i felt exactly as annoyed at the diversion as yesterday.

But if you look at superstonks members it's increasing with a new ferocity. And i think its because of r/place. So i went there and added a pixel.

This is how we sow the seeds of curiosity and what this whole gme saga is all about.
