I own this piece of art so I am allowed to post it on here and not infringe upon copyright. Yes, you can right click on it, save it and post it wherever you please. However, as per the smart contract my gme wallet address verifies that I indeed am a legal owner. Plus, being on the blockchain it is immutable and saved until our god Jeb decides to end the electron. Lets not forget, GME got a piece of the pie, the payment then went directly to the creator.
